- Multiple rubber grommet cable entries
- Brass compression screw terminals

Model	Terminals	Wire Gauge
BX-1	6 pair	16 AWG
BX-2	12 pair	16 AWG
BX-3	22 pair	14 AWG

EX Series Electrical Enclosures

These polycarbonate enclosures provide functional and professional protection for wire connectors, terminal blocks, relays, solenoids, fuses, etc. In addition, instruments, switches and panels can be surface mounted to the cover, as there is ample space for rear projection and wiring.

The watertight enclosures have gasketed covers with captured non-corrosive securing screws, and an internal base plate with stand-off mounts for securing components inside the enclosure.

Model	Size L x W x D (inches)	Knock-Outs (size cross-reference below)
EX-373	7.09 x 3.7 x 3.19	14 ea. PG-16
